### Medical Examination for Hackney Carriage and Private Hire Drivers

#### *Notes for applicants and medical practitioners*

- All applications for a hackney carriage and/or private hire driver licence must be accompanied by a satisfactory medical examination report to the DVLA Group 2 medical standards. This is regardless of the age of the applicant.
- The medical examination report form required is the current DVLA Medical Examination Report for a Group 2 Licence 'V4', which can be found on the gov.uk site [at this link](#).
- Applicants are required to undertake a medical examination on application then on the anniversary of the grant of the licence in the year before their 45th birthday and every 5 years until the age of 65 (i.e., to coincide with the driver's 50th, 55th, 60th and 65th birthdays) whereupon an annual examination is required on the anniversary of the grant of the licence.
- The Authority will expect medical examinations to be conducted by the applicant's own general practitioner or medical practice. Where this cannot be achieved, the examination must be completed by a suitably qualified medical practitioner with access to the applicant's full medical history. Where a full medical history cannot be obtained, a sufficiently detailed medical history summary provided by the applicant's general practitioner or practice will be acceptable, as long as it allows the medical practitioner to fully and accurately complete the medical assessment and make an appropriate and informed consideration and declaration.
- Before booking an appointment with a GP or alternative medical practitioner, applicants are advised to read the useful information and notes provided by the DVLA at <https://www.gov.uk/guidance/general-information-assessing-fitness-to-drive> and <https://www.gov.uk/government/publications/assessing-fitness-to-drive-a-guide-for-medical-professionals>
- Should specified medical conditions be identified which could impact on the applicant's fitness to drive the application may be refused. Each application will however be considered on its own merits.
- If after reading these notes, you have any doubts about your ability to meet the medical standards, please consult your doctor before you arrange for this medical report to be completed. The doctor may charge you for completing it, and in the event of your application being refused, the fee you pay the doctor is not refundable.

- Where there remains any doubt about the fitness of any applicant, the Committee will review the medical evidence and make any final decision considering the medical evidence available.
- The medical examination must be no more than 4 months old when the licence is granted.
- Medical practitioners will find it helpful to consult the DVLA's useful information and notes produced for Medical Practitioners at - <https://www.gov.uk/government/publications/assessing-fitness-to-drive-a-guide-for-medical-professionals>
- If the medical examination report is not being completed by the applicant's own GP, medical practitioners must confirm the applicant's identity before examination, i.e. through appropriate photographic identification such as a passport.

## The applicant must fill in this page

### Applicant's declaration

You **must** fill in this section and **must not** alter it in any way.

Please read the following important information carefully then sign to confirm the statements below.

#### Important information about fitness to drive

As part of the investigation into your fitness to drive, we (DVLA) may require you to have a medical examination and/or some form of practical assessment. If we do, the individuals involved in these will need your background medical details to carry out an appropriate assessment.

These individuals may include doctors, orthoptists at eye clinics or paramedical staff at a driving assessment centre. We will only share information relevant to the medical assessment of your fitness to drive.

Also, where the circumstances of your case appear to suggest the need for this, the relevant medical information may need to be considered by one or more of the members of the Secretary of State's Honorary Medical Advisory Panels. The membership of these Panels conforms strictly to the principle of confidentiality.

For information about how we process your data, your rights and who to contact, see our privacy notice at [www.gov.uk/dvla/privacy-policy](http://www.gov.uk/dvla/privacy-policy)

#### Declaration

I authorise my doctor, specialist or appropriate healthcare professional to disclose medical information or reports about my health condition to the DVLA, on behalf of the Secretary of State for Transport, that is relevant to my fitness to drive.

I understand that the doctor that I authorise, may pass this authorisation to another registered healthcare professional, who will be able to provide information about my medical condition that is relevant to my fitness to drive.

I understand that the Secretary of State may disclose such relevant medical information as is necessary to the investigation of my fitness to drive to doctors and other healthcare professionals such as orthoptists, paramedical staff and the Secretary of State for Transport's Honorary Medical Advisory panel members.

I declare that I have checked the details I have given on the enclosed questionnaire and that, to the best of my knowledge and belief they are correct.

I understand that it is a criminal offence if I make a false declaration to obtain a driving licence and can lead to prosecution.
